Three Tragic Deaths in Coleman

Coleman residents were shocked Tuesday noon when they learned that Eddie Ostash, 18 year old son of Mayor and Mrs. Jack Ostash was dead and Mayor and Mrs. Ostash and three other children were rushed unconscious to the C.N.P. Hospital from what has been established as Carbon Monoxide Poisoning.

The family was found by chief of police Ed. Corson who decided to investigate after he had been contacted by two local men, Ron Crippen and Robert Crawford who were looking for Mayor Ostash but could not locate him. The men stated that Mr. Ostash who owns the Hotel Coleman had not reported for duties at the hotel and they were unable to get a reply on his home phone. Chief Corson, with the two men proceeded to Mayor Ostash's residence on third street and found the house locked and when no one answered his knock he figured something was wrong and decided to break in. He removed a storm window and was able to pry open slightly the inner window and then got Ron Crippen the smallest of the three men to go in through the window and open the back door. He then went into the house to the upstairs and found Mayor Ostash unconscious in bed in one bedroom. The Chief figuring it might be a gas leak, smashed a window in the room to let in air. He shook the Mayor and he began to breathe so the Chief proceeded to the next room where he found Eddie. He smashed a window in this room and then tried to shake the boy to get him to breathe but got no response. Chief Corson then went into another bedroom where he found Mrs. Marie Ostash and another son Allen both unconscious in beds. Again he opened the bedroom window and after being satisfied that both were breathing proceeded to another room where he found the Ostash's ten year old daughter Mary Jane also unconscious in bed, he broke another window and returned to the little girl to revive her. While going from room to room Chief Corson called to the men downstairs to phone for doctors, both ambulances and the fire department. In a matter of minutes all units were present at the scene and with the aid of oxygen and the able hands of ambulance attendants the family were attended to and removed to the C.N.P. Hospital. Another member of the Ostash family, three month old Noella, born on Christmas Eve, was in the hospital from a previous ailment and escaped this sad misadventure.

According to reports the family had been ill with a stomach complaint on Monday evening that was thought to be just a mild illness. Eddie Ostash, 18, was born on March 11, 1946, and was a grade twelve student at the Horace Allen High School. He was a member of the High School Curling team who recently travelled to Banff to play in the Brier playoffs.

The second victim died in the hospital around 5:30 p.m. Tuesday evening. Miss Mary Jane Ostash, ten year old daughter, died about five

hours after she was taken to the hospital from her home in an unconscious condition.

The body of "Eddie" Edward James Ostash, was removed to the Lethbridge hospital on Tuesday evening where an autopsy was to be made by provincial pathologist, Dr. Watson of Lethbridge.

Mayor and Mrs. Ostash are still in hospital in a critical condition. Mr. Ostash, 42, and his wife Marie, 37, came to Coleman in 1959 when they purchased and have operated the Hotel Coleman since.

Third victim of the carbon monoxide poisoning, Allen Ostash, died in the hospital Wednesday morning shortly before 8 o'clock. Allen 16 yrs. of age was a grade eleven student. He was born in Oakburn, Man. on May 8, 1947.

Coroner F. S. Radford of Blairmore has ordered an inquest into the deaths, but no date has been set.

Provincial Gas inspectors and officials of the Chinook Health Unit are checking the natural gas heating system and septic tanks in the home to see if there is any possibility of a leak in these units.

Pincher Rink Wins Bonspiel

The annual Shamrock Windup Bonspiel was held in the Coleman Curling Rink over the weekend of March 14 and 15, with 32 rinks from Creston in the west to Calgary in the north, taking part in the two-day affair.

Over \$500 in prizes was given out in the three events that were drawn up by draw-master Trevor Collier.

Winners of the first event was the Adolph Sterner rink of Pincher Creek, Ted Kryczka rink of Coleman, Emil Aiello rink of Coleman and the T. Collings rink of Coleman.

Second event winners were the G. Valpatti rink of Natal, the P. Camilli rink of Michel, the Francis Caton rink of Blairmore and the I. Morgan rink of Natal.

Third event winners: the Robert Vanoni rink of Blairmore, the G. Sandau rink of Natal, the Joe Wavrecan, Jr., rink of Calgary, and the A. Peressini rink of Blairmore.

Former Coleman Resident Passes

Frank Tarabula, a former resident of Coleman, died in Calgary on March 8, following a period of illness.

Mr. Tarabula, 60 years of age, was born in Yankovice, Poland, coming to Canada in 1927. He worked in the coal mines in the Pass and Drumheller before moving to Calgary in 1948, where he worked for a bakery for 15 years.

He was a member of the Confectionery and Bakery Local No. 252.

He is survived by his wife Lily of 3815 - 19th Ave. S. W. Calgary; one son Bruno and two grandsons in Edmonton, two sisters and two brothers.

Prayers were said at the Little Chapel on the Corner on Monday evening at 7:30 p.m. Requiem High Mass was celebrated at the Holy Name Catholic Church at 10 a.m. Tuesday, and interment was made in St. Mary's cemetery.

Newspaper advertising is printed salesmanship that brings to consumers news of products.

Easter

Andy Buckna Marks 83rd Birthday

Coleman old-timer, Andrew Buckna, celebrated his 83rd birthday March 1st.

For the occasion a family reunion and supper was enjoyed at the Buckna residence. A retired miner, Mr. Buckna has five sons, Alex, of Cowley, Andy of Coleman, John of Blairmore, Henry of Creston, and Frank of Penicton; seven daughters, Mrs. Mary McWilliams of Bragg Creek, Mrs. Helen Frederickson of Penicton, Mrs. Ethel McNeil of Trail, Mrs. Tillie Volodort of Lethbridge, Mrs. Pauline Lekack of Coleman and Mrs. Elsie Milne of Vancouver. There are 15 grandchildren and six great grandchildren.

During the supper Mr. Buckna was presented with gifts by his children who were all present for the occasion. Mr. Buckna is enjoying excellent health.

Earl Doucette To Present Popular Recital

St. Joseph the Worker Council, Knights of Columbus, will present the "Clown Prince of the Concert Stage", Mr. Earl Doucette, in a popular Recital on Saturday, April 11 in the new Horace Allen high school auditorium in Coleman at 8 p.m.

Mr. Doucette is well-known in Southern Alberta as a singer, poet, pianist and story-teller, and he will present a program of classic light opera and popular songs. He studied at the Juilliard School of Music, and in Holland and Italy and is a member of the Maritime Opera Company. He has sung on CBC Recital Series and has been flown twice from Alberta to Toronto to appear on television.

Mr. Doucette has sung leading roles in La Boheme, Carmen, Cavalleria Rusticana, Tosca, Don Giovanni and other operas. However, he has abandoned the classical form of recital and developed his own informal and informative approach which has been found both refreshing and enjoyable. The Yonkers, New York Gazette said "He is an artist of great promise". The Halifax Herald said "Magnificent voice, informal approach most refreshing".

The wide variety of music which Mr. Doucette will present in his concert has something to delight people of all ages.

Advance sale of tickets may be had at Salus' Store and Owen's Store at Coleman, also at Dobek's and Caton's Stores and Crows Nest Pass Motors, Blairmore.

It is better to give than to lend, and it costs about the same.

Work on Highway Is Progressing

The new stretch of highway east of the British Columbia border in Alberta is nearing completion and according to resident engineer Bob Wilson of Lethbridge, the job should be finished in about one week's time.

Some 30 men are still working on the causeway which hops from the old highway east over the railway tracks to the Island in the lake and then another hop east to the shoreline, making the entire causeway about one-half mile in length. Surplus rock from the new stretch of highway on the Alberta-British Columbia boundary, was used for the initial fill on the west end causeway and fill now being used comes from a "borrow pit" east of Crows Nest Lake.

Two bridge structures have still to be built in the stretch of new highway—one over Glacier Creek at the east end of the road and an overpass over railway tracks at the west end of the road. The new section of road will eliminate several sharp curves, several grades and a railway crossing.

It is expected that after the fill consolidates and settles that base course will be laid on the road later this year. When completed the new piece of road will provide a 15-foot-wide finished top after paving is completed which will comprise a two-lane highway with two 10-foot-wide paved shoulders. The road will have a 72,000 pound load limit. Opening date is indefinite until the bridge structures are completed.

Legion To Conduct Polio Campaign

The Coleman branch of the Royal Canadian Legion will conduct the drive for funds to support the Canadian Foundation for Polio-mi-elitis and Rehabilitation which is sponsored by the Royal Canadian Legion.

The drive will get underway this week. A canvass of business houses will be taken along with a tag day.

YOU are urgently requested to support this great cause to the best of your ability. All donations will receive a receipt for income tax purposes.

Even though Salk and Sabin vaccines have greatly reduced the number of polio cases across Canada and in Alberta. There is still a very great need for rehabilitation, such as braces, special shoes, wheel chairs, iron lungs and many more aids to polio victims.

Join the Polio March of Dimes Today!

Report on Coal Shipments to Japan

(Lawrence E. Kindt, M.P.)

The subvention making possible the shipment of 800,000 tons of bituminous coking coal per year, for the next three fiscal years, from the Crows Nest Pass to Japan has been approved. This is an increase of 200,000 tons per year. The Coleman Collieries and the Crows Nest Pass Coal companies had contracts as of November 2, 1963, for 600,000 tons with the additional clause that if the Canadian government approved, it would be increased by 200,000 tons to a total of 800,000. This approval was given last week. The subvention remains on the existing basis of competitive costs but not to exceed \$2.73 per ton. This means that the subvention may be less depending on the need.

There has been a battle to get the subvention for this additional 200,000 tons approved. Not all were in favor, but the increased volume has made it possible to lower the subvention, and this in turn helped to obtain approval of the additional tonnage. Back in 1957 and 1958 when this program was started, I argued that volume shipments after a few years should lower costs.

| Fiscal Year | CNP - Tons |
|-------------|------------|
| 1957-58 | 2,266 |
| 1958-59 | 3,561 |
| 1959-60 | 170,671 |
| 1960-61 | 550,493 |
| 1961-62 | 593,760 |
| 1962-63 | 508,952 |
| 1963-64 | 616,000* |
| 1964-65 | 800,000* |
| 1965-66 | 800,000* |
| 1966-67 | 800,000* |

*ESTIMATED

Source—Dominion Coal Board. Note—The above table does not include the Canmore coal shipments to Japan.

The present downward trend on the subvention cost from \$4.50 per ton in 1960-61 to \$2.73 per ton has won supporters to back the soundness of the program. I am sure that all people of the Crows Nest Pass realize that to have from eight to ten million dollars coming into the Crows Nest Pass every year from the sale of coal to Japan is a good thing for the people of the Pass.

Automation is a disturbing influence to miners. What everyone wants is steady employment, free from lay-offs and I have used every argument to advance this side of the question. We have been successful in getting the program approved, and all will appreciate the importance of what has been accomplished, and I hope will stand behind the program. Your goodwill and help is needed by all those concerned with coal shipments to Japan.

The following table summarizes shipments and subventions since the start of this program in 1957-1958:

| SUBVENTION | |
|---------------|------------|
| Total \$ | Per Ton \$ |
| 2,515.26 | 1.11 |
| 6,009.31 | 1.71 |
| 768,019.50 | 4.50 |
| 2,477,218.50 | 4.50 |
| 2,671,515.00 | 4.50 |
| 1,781,332.00 | 3.50 |
| 1,940,400.00* | 3.15* |
| 2,184,000.00* | 2.73* |
| 2,184,000.00* | 2.73* |
| 2,184,000.00* | 2.73* |

Nurses Elect New Slate

The Crows Nest Pass A.A.R.N. held a meeting last week when a new slate of officers was installed to office for the coming year.

Spearheading the group this term are:

President, Mrs. Della Malone of Natal, B.C.
Vice-president, Helen Westley of Coleman.
Secretary, Margaret Johnson of Coleman.

Treasurer, Shirley Tomsett of Coleman.
Publicity chairman, Mary Rowbottom of Coleman.

Entertainment committee, Joan Wawchuk, Margaret Krywolt, of Coleman, and Jean Anne Fanin of Blairmore.

Sick and Visiting committee, Nettie Kinnear and Flora McLeod.

During the meeting the nurses completed plans for a draw for two junior hostess chairs which will be drawn for in June. Proceeds from this draw to be made in June will be used by the nurses to sponsor the annual \$50 scholarship. The scholarship is open to all girls in the Crows Nest Pass who are planning on entering the field of nursing.

The scholarship is awarded to the girl who has the highest standing among the applicants.

A similar award is sponsored by the Auxiliary to the hospital which provides a second prize. Application forms for the scholarships may be obtained from the principals at the Pass schools.

Mrs. Belik Passes March 19

Mrs. Arpina Belik, age 73 years, Coleman old-timer, died in Crows Nest Pass Municipal Hospital on March 19.

Mrs. Belik was born in Tere-sheve, Russia, on June 23, 1891. She was a member of the Coleman O. O. R. P., the Catholic Women's League and of the Catholic Church. She was predeceased by her husband Con in Coleman six years ago.

Prayers were said at the Holy Ghost Catholic Church on Sunday evening at 7 o'clock. Requiem High Mass was celebrated on Monday, March 23 in the Holy Ghost Church and interment followed in the Catholic cemetery. Rev. Denis Fleming officiated.

Funeral Home Chapel was in charge of arrangements.

Coleman Legion Protests Takeover Vets' Hospitals

The Coleman branch of the Legion has sent a strong protest to the Federal government through our M. P. Dr. L. Kindt, on the proposed take-over of the Veterans' Hospitals by municipal authorities.

The Legion, through the president, A. Krywolt, wired Dr. L. Kindt at Ottawa re the Coleman branch of the Royal Canadian Legion on behalf of the Veterans of this area strongly protest the proposed change in the status of Veterans' Hospitals. We urge your support.

The Legion feels that this is a sell-out of the Veterans O.D.A. Hospitals are taxed to capacity to handle veterans and the special care required.

Red Cross Campaign Started

John Owen, chairman of Coleman Red Cross campaign for funds announced this week that the campaign is presently underway, and is appealing to all the Coleman and district residents to support the drive so that the objective of \$150 can be reached.

Mr. Owen has organized various groups to canvass the town and district and it is hoped the campaign will be finished by March 31st.

Last year the canvassers turned in a total of just under the \$400 mark.

Little Damage In Chimney Fire

Coleman Volunteer Fire Brigade made short work of a chimney fire that started in the home of John Hopkins, sr., last week.

According to Fire Chief John Kinnear no damage resulted from the fire that started around 9:30 a.m. March 18th.

IN ORDER TO PUBLISH reports of meetings of various organizations, it would help if a press correspondent was appointed by each one to send in the news. It is impossible for a reporter to attend all the meetings, therefore co-operation would be appreciated, and at the same time publicity would be assured for the meetings.

PUBLIC SALE of LANDS

UNDER THE TAX RECOVERY ACT
R. S. A. 1955

TOWN OF COLEMAN

Notice is hereby given that under the provisions of The Tax Recovery Act, the following lands will be offered for sale by public auction, at the office of the Secretary-Treasurer, Coleman, Alberta, on Friday, the 10th day of April, 1964, at 10 o'clock in the forenoon:

Fight Cancer With a Check-up And a Cheque

The Crows Nest Cancer Society wishes to thank all who canvassed and all who donated or helped in any way in our 1963 Crusade. A total of \$1757.85 was sent to the Canadian Cancer Society as our donation.

Are you all willing again this year to contribute your share of money, time or effort towards saving lives? The sooner a cure for cancer is found, the sooner the Society can go out of business.

Twenty-six scientists are now working on 91 projects to find this cure. Drugs, X-rays, radiation and surgery play the leading roles in the treatment and cures of cancer. Our objective in this area is to help research with what funds we can contribute to help needy welfare cases among us and to help inform our citizens of the real need for early diagnosis and treatment.

It is estimated by the National Cancer Institute of Canada that there will be 3500 new male cases of lung cancer in 1964, of which 2700 will die because they will not be treated in time. It is also reckoned there will be 5700 female cases of breast cancer of which 2200 will die for the same reason.

The above two are the leading causes of cancer deaths in Canada at present.

Because of the presence of a number of chemical cancer-causing agents found in tobacco, scientists state that the death rate for heavy smokers was 75 per cent higher than for non-smokers; out of 10 lung cancer patients in Canada in 1961, nine smoked cigarettes. Death rate among men from lung cancer is seven and a half times that of women, but women should be concerned for their death rate from lung cancer is rising.

Prevention is the most important weapon against this killer. To the young people we would like to say that in addition to being a cause of lung cancer, cigarette smoking increases the likelihood of developing other serious diseases — heart attacks, ulcers of the stomach, kidney, liver or bladder ailments.

A word about rehabilitation for the surgical cases. Following any cancer operation, proper guidance is given for exercises, for wearing of appliances and for re-entry into society.

In conclusion let us remember that "early suspicion" is a weapon, "our doctor" an ally, and the "Cancer Society" the army in our fight to stay alive and healthy.

Alberta Medical Plan

Alberta residents again will be given an opportunity to enroll under the Alberta Medical Plan without the necessity of a 90-day delayed effective date for their coverage. A 31-day open registration period, from March 16 to April 15 inclusive, has been arranged near the deadline for federal income tax filing, to permit Alberta residents who became aware that their level of taxable income entitles them to premium subsidy, to make immediate application.

Individuals enrolling during this open registration period with Medical Services (Alberta) Incorporated or with the approved insurance company of their choice, will have their coverage become effective May 1st, according to an announcement by the Hon. Dr. J. D. Ross, Alberta Minister of Health.

For those who are eligible, the provincial government subsidy also will be effective May 1st.

The Alberta Medical Plan, a voluntary prepaid medical insurance plan operating through 47 approved insurance companies, members of the Canadian Health Insurance Association and through Medical Services (Alberta) Incorporated, and with the support of the College of Physicians and Surgeons, is open to all residents of Alberta. The plan was announced last year and went into effect October 1st, after an initial open enrolment period. The Plan defines benefits, guarantees maintenance of coverage and establishes a maximum premium.

There are now more than 688,338 Albertans covered under the Plan and more than 143,553 are receiving subsidy payments. The plan has been well received by Albertans with a monthly enrolment in-

crease of 15 per cent since it started.

For persons whose income is below the taxable level according to Federal Government Income Tax Regulations, the government of Alberta will make the following contributions toward the payment of their medical services insurance premiums:

For a policy covering one individual—\$18 per year.

For a policy covering a married couple with no dependents—\$42 per year.

For a family of three or more—\$72 per year.

In the case of citizens whose taxable income is not in excess of \$500, according to Federal Government Tax Regulations, the government contribution toward the payment of their medical services insurance premiums will be:

For a policy covering one individual—\$9.00 per year.

For a policy covering a married couple with no dependents—\$21 per year.

For a family of three or more—\$36 per year.

All subsidy arrangements are made through the insurance carrier of the enrollee's choice.

Benefits under the Alberta Medical Plan include:

(1) Payment of medical, surgical and obstetrical services of any physician and required for preventive-diagnostic-therapeutic treatment and care.

(2) Specialist and consultant services when required.

(3) Anaesthetist services.

(4) Necessary laboratory services and diagnostic aids, including X-rays, when ordered by a medical practitioner.

(5) After a policy-holder has been covered by the Alberta plan for a continuous period of two years, he and his dependents will be entitled annually to a routine medical examination to help ensure their continuing good health.

(6) If a single person or the head of a family, covered continuously under the plan for at least two years, becomes totally disabled prior to age 65, as the result of an accident, injury or disease, he will not be required to pay any due premiums for a period of up to six months, starting the third month after his disability.

Under the Alberta Medical Plan the head of the family must insure himself and all members of his family under the age of 19 years, for whose welfare he is financially responsible to qualify for a government contribution.

Elks Announce Bingo Winners

Winners of prizes at the Coleman Elks bingo were:
Ham, Annie Hortak.
Pair of tires, Mrs. T. Cunningham.

Turkey, split by Mrs. Frank Vise of Blairmore and Mrs. Baiyewich.

\$24, Mrs. F. Vyse.
Turkey and roaster, Joe Semenzin of Blairmore.

\$12.50, Nora Goulding.

Ham, Anne Fleming.

\$25, Don Herisch.

Chair and stool, Irene Marucca.

\$10, Jack Goulding.

Mixmaster, Velia Phillips.

\$15, split by Mrs. M. Cox of Blairmore, and Henry Zak.

\$15, split by Jean Fields of Coleman and Mrs. Klamavicus of Michel, B. C.

Consolation prize of \$1.00 was awarded to Louis Bubniak.

The next bingo will be held on March 28 when a jackpot prize of \$300 in 58 numbers will be offered.

The Elks are planning two big bingos on May 16 and June 27 to raise funds for the Elks building fund. Excellent prizes are being arranged for both these events.

Legion Name Bingo Winners

Winners at the regular Legion bingo were as follows:

John Hardy, \$10; Mrs. Hirst, \$10; Mr. S. Squarek, \$10; Mr. G. Atkinson, \$10; Mrs. Cozzi, \$10; Mrs. Cozzi, \$10; Mr. B. Bond, \$10; Mrs. Cozzi, \$10; Mr. B. Bond, \$10.

Jackpot consolation was split three ways—W. Cichy, Mrs. M. Kubica and Mr. John Kinnear.

The next regular bingo will be held April 3rd with the jackpot at 54 numbers.

Everybody is ignorant, only on different subjects.

Report From Parliament Hill

(Lawrence Kindt, M.P.)

It is a very hard thing to look into the future with any degree of accuracy but perhaps when the history is written of today's events in Canada, one of the more significant events of recent years will be the opening up of trade with China by the Hon. Alvin Hamilton, Canada's former Minister of Agriculture.

Mr. Hamilton is now again on his way to China at the invitation of the Peking Government to discuss further ways and means of increasing Canadian - Chinese trade and perhaps long-range prospects for trade with the West.

Several years ago when Mr. Hamilton held his ministerial post, contact was made with the Red Chinese concerning the possible sale of Canadian wheat to that country. For a number of reasons, Chinese agriculture had broken down and it seems that this condition is likely to last for a number of years. As everyone knows, Mr. Hamilton arranged for enormous sales of Canada's surplus wheat, to the Chinese and this policy has been continued by the present government. When these sales first commenced, Mr. Hamilton was criticized in some quarters, both in Canada and by some of our allies, for making a "deal" with the Red Chinese. It was considered that it was wrong to trade with potentially dangerous enemies and that the sale of wheat to China had prevented a colossal famine in that country and that we were thus helping to maintain the Communist government in power by getting them out of a great domestic difficulty.

Neither of these two arguments seemed to be very valid in the

first place, if no contacts are ever made with seemingly unfriendly persons or countries, there is absolutely no opportunity of improving those relations. This mistake was made for years with Russia, and was one of the principal reasons that an unspeakable dangerous degree of antagonism and tension was eventually built up between Russia and the West. One of the main reasons for our much improved relations with Russia has been greatly increased contacts with the people of that country in trade, cultural exchanges and other similar activities. (Another reason, of course, is the various disagreements and quarrels between China and Russia).

No sensible persons have any illusions about the potential dangers of being too trusting with either the Soviet Union or China, but certainly it is to everyone's benefit to reduce the dangers of World War III and the fantastic costs of the armament race.

There are a number of positive benefits for everyone in these trade arrangements with China.

Firstly, with the exception of the United States all Canada's friends and allies trade with China in goods that are not considered to have military importance, and in particular, Australia sells quantities of wheat to China. Under these circumstances, Canada would be foolish not to sell agricultural products to China since apparently none of these other countries seem to see any danger in such arrangements.

Secondly, the wheat sales to China have been of incalculable benefit to the Canadian economy. Not only has our enormous Western wheat surplus been sold, but the money pouring into Canada has enriched every corner of our country.

Golden Anniversary Of Oil In Alberta

CALGARY — The oil industry in Calgary plans to commemorate the 50th anniversary of the discovery of oil in Turner Valley by staging a huge barbecue dinner for an anticipated crowd of over 700 at the Stampede Corral on Friday, May 22, 1964. The general public is invited to the function at which pioneer residents of the Turner Valley area are to be honored.

Arranged by a group of local petroleum industry representatives and other interested parties and organizations the anniversary celebration will be held almost 50 years to the day from the time an inaugural "Derrick Dinner" was staged in Calgary in 1914.

The Dingman discovery well, owned by the Calgary Petroleum Products Company, came in on May 14, 1914, with the inaugural dinner commemorating the discovery of oil in Turner Valley being held on May 23, 1914, in the Elizabethan Room in the Hudson's Bay Company store in Calgary.

It is hoped that several of those who attended the initial celebration will be on hand for the commemorative one a half century later. Displays of historical documents, photographs and equipment will be erected at the Corral for the occasion and consideration is also being given to the possible erection at Calgary's Heritage Park of a replica of the original discovery well derrick.

Organizations actively participating in the planning of the anniversary celebration are the Canadian Association of Oilwell Drilling Contractors, Canadian Petroleum Association, Independent Petroleum Association of Canada, Canadian Oilfield Technical Society,

Alberta Society of Petroleum Geologists, Alberta Society of Petroleum Landmen, The Canadian Institute of Mining and Metallurgy, Calgary Desk and Derrick Club and the Glenbow Foundation.

Inquiries concerning the celebration should be directed to the Chairman of the Golden Anniversary of Oil in Alberta Committee, Mr. A. B. Geddes, National Supply Company Limited, 709 - 8th Ave., S.W. Calgary.

Compact Beer Bottle Comes To Alberta

The newest look in beer bottles — the Compact Bottle — will begin to make its appearance on or about March 23, 1964, in Alberta.

After this date, the familiar long neck bottle (officially known in the trade as the Western Standard) will no longer be shipped from Alberta Breweries, to the markets in this province.

This was announced recently by Alberta Breweries' Agents Limited, the trade association representing all of the brewing companies in the province.

The change-over from the old to the new bottle will complete a program of long-term research by the brewing and glass industries to design a better bottle for beer. The result is the compact bottle — a returnable container approximately three inches shorter than the old bottle, lighter in weight and slightly greater in diameter but containing the same 12 ounce volume.

With the new bottle will come a new look in beer cartons — smaller, neater and easier to carry.

With this conversion in Alberta, the compact bottle now becomes universal in use throughout Canada.

When the conversion is completed in Alberta, it will mean that 2,700,000 dozen new compact bottles have been purchased from an Alberta manufacturer at a cost estimated to be in excess of \$1,200,000. Other necessary materials, are all Canadian-made and purchased where possible in Alberta and supplied from Alberta sources.

The new compact offers many advantages over the old. The reduction in weight — 12 bottles weigh 2 pounds less than 12 of the old — plus the compactness of the new carton means easier carrying.

Because of its reduced height, the new bottles store more easily in home refrigerators — tip less readily.

Licensed premises and Liquor Stores will receive their first shipment of beer in the new bottles on or after March 23. However, they will continue to sell the old bottle as long as their present stocks remain.

Employment Service News

Questions and answer from the National Employment Service:

Q—How do I qualify if I become unemployed again?

A—When you make your first claim, and have enough contributions, you begin a "benefit period". A benefit period runs for 52 weeks from the week of your claim, or until you use up all your benefit if you do this in less than 52 weeks. If you make a claim or claims during another period of unemployment while your benefit period is still in force, you don't have to fulfill the contribution requirements again. Of course you must deposit your insurance book. If you have used up all of the benefit payable under one claim or if 52 weeks have passed since your last claim was started, you must again show that you have the contributions set forth in the answer to question 15 before more benefit can be paid.

Q—Can I get benefit if I am unemployed because of a strike or lockout?

A—No, unless you become employed elsewhere or unless you prove that you and the rest of the workers in your grade or class working at the premises before the work stoppage (1) are not taking any part in the dispute which caused the work stoppage, and (2) are not paying any money to support it, and (3) are not directly interested in the dispute which caused it.

Q—After I have fulfilled all the conditions how long do I have to wait before benefit is paid?

A—Benefit is not payable at the beginning of the period until the end of a waiting period equivalent to a week of full benefit. When one benefit period ends and a claimant immediately re-qualifies for benefit, the waiting period may be waived provided certain other conditions are fulfilled.

Q—Do I receive benefit for every week I do not work?

A—No. You will not receive benefits:

- (1) for the waiting period at the beginning of any benefit period.
- (2) for the time that you are not available or that you are otherwise disqualified.
- (3) for any week in which you work the full working week.

Tips on care of varnish floors help prolong life of finish

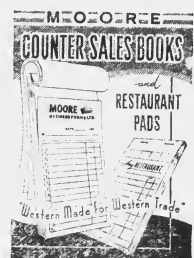

Proper care can prolong the life of varnish on a floor.

Experts list the following as the ways to treat and care for varnished floors:

- A hair broom or an ordinary broom covered with a cloth bag or even a dry dustless mop should be used in cleaning.
- Varnished floors should never be soaked with water. If water is spilled on the floor it should be wiped up immediately.
- Soiled spots can be cleaned with cloths damp with soap and water. As soon as dirt is eliminated the floor should be dried.
- When wear begins to show in an exposed floor area—a door-

way or hallway, for example, dirt should be removed with a damp cloth. Then the surface should be gone over with fine sandpaper and a new coat of varnish is brushed out at the edges, the patch should not show.

April 7 Is World Health Day

"No Truce for Tuberculosis" Theme for 1964

This Mexican girl takes her BCG shot with all seriousness. For she knows it wards off a serious menace to her good health — tuberculosis.

But round the world today, there are 15 million others of all ages who are less lucky than she is. They lack protection, and hence suffer from TB.

Even worse, there are two million who die from the disease and three million who fall victim to "young TB."

Yet to begin to save lives and ease suffering, it takes a simple first step: the detection of TB. Even before pulmonary TB the disease's most common form becomes pronounced an X-ray can spot its first tell-tale shadow on a lung.

On a treatment of wonder drugs such as streptomycin, PAS and INH, plus rest, the sufferer can recover normal health — a cure not possible only 20 years ago — and return to normal life.

And just as TB can be prevented One way of doing so is with BCG vaccines, the case of the girl here.

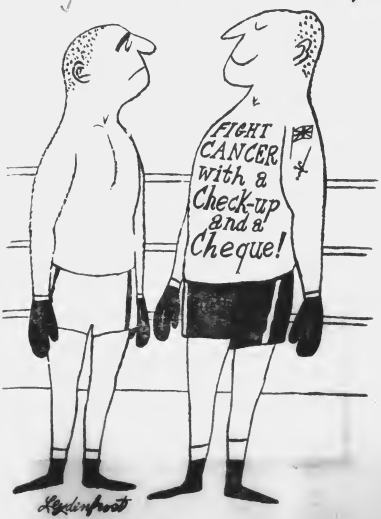

It is to call world attention to this major health problem that the World Health Organization chose "No Truce for Tuberculosis" as the theme for its observance April 7 of World Health Day, the 16th anniversary of its founding.

According to Dr. M. G. Gaud, WHO Director-General, in some of the world's less developed areas up to 70 per cent of children under 15 are infected with the tubercle bacilli. The disease will be eliminated only if public health thrust when the figure is less than one per cent.

"Not a single country in the world satisfies this condition today," he says.

"Yet for the first time in man's history, we possess the weapons with which to fight tuberculosis. It is thus the duty of every national health organization to join in the world-wide effort to conquer this scourge."

about

ALBERTA JUNIOR CITIZEN AWARDS

As a news editor I hear much about young people who go 'off the rails', but what about the worthwhile youngsters in this area who perform acts of courage and merit, yet often go unrecognized?

Our opportunity to set the record straight is to nominate them for Calgary Power's Alberta Junior Citizen of the Year Awards. This program gives outstanding youngsters the recognition they should have.

If you know such a young person (as I'm sure you do) between 6 and 16 years, please write or phone me at my office. Please include your own name and address.

1964 Calgary Power awards will be for acts of courage or merit since September 1963. All nominators of award winners receive a special certificate of recognition. I'd be proud to have this, and I'm sure you would, too.

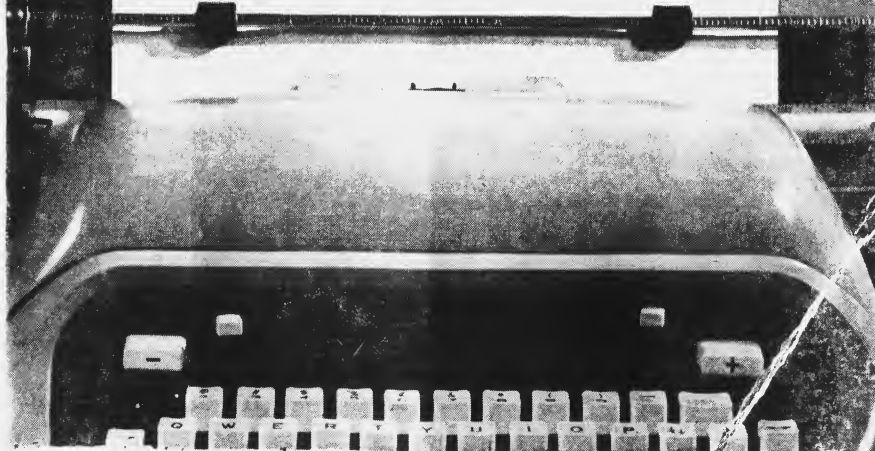

Your Editor

The Alberta Junior Citizen of the Year
program is sponsored by

Lions Bingo
Well Attended

A good crowd was on hand at the Lions bingo held last week, when the Lions gave out hams as door prizes.

Winners of hams were Joe Peluk, Bill Kozak, Joe Brown, Tom Holstead, Mrs. Ray Montabelli and Muriel Ingram of Coleman; Mrs. Mattison of Bellevue, Frances Cote of Blairmore, Helen Lakka of Natal, B. C., and Frank Pierchala of Bellevue.

Winners of \$12 prizes: Ron Johnson, Mrs. Frank Lamey, Mrs. A. Ennis, Harold Pepper of Blairmore and Mrs. Mattison of Bellevue.

\$10 prizes: Vic Gleason of Fernie, B. C., Stafie Yagos of Coleman, Bob Marucca of Blairmore, and Helen Coccione of Hillcrest.

\$5 winners: Bill Bean of Fernie, B. C., Barry Mills of Fernie, B. C., \$5 winners: Edna Campbell and Louise McLeod of Coleman.

The next bingo night will be held April 1st when jackpot prizes of \$105.00 in 50 numbers and \$120.00 in 57 numbers will be offered.

Parade and Ice
Show Successful

A parade, second to none in originality and color, sparked off the one-day winter events in Blairmore on Saturday, March 7. The parade, organized by the Crows Nest Pass Chamber of Commerce, was held in support of the Crows Nest Pass Figure Skating Club's ice show.

The affair featured many excellent original floats and started off parading through the main street of Coleman.

After hundreds of citizens, who had lined the streets for the affair saw the parade the entire unit moved on its way to Blairmore, Frank and Bellevue where similar response was enjoyed by the paraders.

A beautiful warm, sunny day with six inches of fresh fallen snow brought out the beauty of the colorful floats that were led the entire route by the Crows Nest Cannonball.

First prize for the floats went to the Hotel Coleman, which had entered a beautiful float which was covered with rosettes and featured large life-like swans on the front, back and top of the float, which was made entirely by Mayor and Mrs. Jack Ostash of Coleman.

Second prize went to the Motel Operators of the Crows Nest Pass who had entered a very colorful igloo float. Third prize went to the Automatic Carwash which had entered the Fred Flinstones Car. The unit was built around a small tractor and The Schiewe family represented the Flinstones.

A prize was also awarded to the Crows Nest Pass Figure Skating

Club for the best children's float. A special prize went to the town crew from Blairmore who entered a Beverly Hills float that much resembled the real thing.

During the afternoon the Blairmore arena was packed to see the first performance put on by the Crows Nest Pass Figure Skating Club, who presented an ice revue "The Wizard of Oz".

The evening show was officially opened by Mayor Jack Ostash of Coleman, who was called upon by master of ceremonies Don Duguid of Coleman, president of the Crows Nest Pass Chamber of Commerce.

Mayor Ostash pointed out that it was very gratifying to have the honor of opening a show that has been produced by the combined efforts of the citizens of the Crows Nest Pass. He said "it gives me a grand inward feeling to observe a mutual endeavor on the part of the Pass people — our towns are and always have been, too small and too close to each other to practice individualism. The spiteful rewards of this have often rung hollow and have appeared insignificant to the outside observer. There is no feasible reason why this fine co-operation cannot continue in all other phases of our progress."

In his closing remarks, Mayor

Ostash congratulated all who had worked so diligently to make the show a success and added that they may feel proud that they have set such a fine precedent to all future projects of the Crows Nest Pass. "Let us live with each other!"

The second annual Ice Carnival then got underway featuring the Wizard of Oz, which was produced and directed by Club professional Miss Fran Thiede.

Sixty young people of the Figure Skating Club took part, presenting the main show, individual and group numbers.

Comedy numbers were performed by Arthur Williams and son Melvin, and Miss Ellen Serek, former Ice Capades professional skater from Fernie, B. C., then entertained with a well enjoyed number.

The excellent costumes for the entire show were made by the skaters' mothers who were given a

vote of thanks for their work.

Prior to the conclusion of the show presentations were made to Miss Thiede, Miss Serek and some of the Crows Nest Pass Figure Skating Club members.

Coming Events

The Pythian Sisters of Coleman will hold a Bake Sale and Raffle on Friday, April 10.

The Ladies of the St. John Ukrainian Catholic Church will hold a Spring Tea in the Holy Ghost Catholic Hall on Saturday, April 25 from 2 to 5 p.m. Raffle will be drawn at this time.

Let The Journal Handle Your Printing

Personalities IN THE NEWS

Mrs. Katie Neimeyer visited her mother Mrs. Mary Bruns, who resides at the Crestview Lodge, Pincher Creek. Mrs. Bruns recently celebrated her 87th birthday.

Mr. and Mrs. F. Aboussafy have returned from a six-week holiday spent in California and other U. S. points.

Mr. and Mrs. J. Colombo and family of Creston, B. C., recently visited the former's mother, Mrs. C. Roggliani.

Mrs. T. Holstead visited her parents, Mr. and Mrs. T. M. Brown last week at Pincher Creek, when her mother, Mrs. Brown, celebrated her 84th birthday, also visiting them were her grand-daughters Mesdames Hanrahan, Westley and Pharis. Mrs. Brown's daughter from Spring Point, was also in attendance.

Friends are pleased to hear that Mrs. J. Spievak, sr., one of Coleman's old-timers, is much improved in health and is convalescing at the home of her son-in-law and daughter, Mr. and Mrs. Tony Savello, jr., in Fernie, B. C., after being a patient in the Crows Nest Pass Municipal Hospital for several weeks.

Ann Kerr To Visit India

Mr. and Mrs. John Kerr of Frank received word from their daughter, Miss Ann Kerr, that she has been asked to join an expedition to the Karakorum Mountains in Kashmir.

According to Ann's letter to her parents, the group will be traveling overland by car through France, Switzerland, Italy, Yugoslavia and Bulgaria to Turkey to meet two more members of the party in Istanbul. The group will continue from there through Turkey, Iran and Afghanistan to Pakistan, where they will join another member of the party and then proceed on to Rawalpindi.

At this point supplies of food and equipment that had been shipped there will be collected and air-lifted to Skardu. At Skardu the group will meet the porters and begin the 150-mile march to Askole, the last village. The group are planning to traverse the Baltoro glacier.

According to Miss Kerr's letter, the area they are to visit boasts the best mountain scenery in the world. The peaks are all over 20,000 feet and the group will be above the 10,000 foot level for over one month during the approach and traverse of the glacier.

Miss Kerr's professors are extremely enthusiastic about the trip and feel that it is a once-in-a-lifetime opportunity. The group will leave from Edinburgh April 2.

Ann, 23 years of age, attended school in Frank, where she took her primary grades from one to six and then went to Qu'Appelle Diocesan School in Regina, Sask., to take her grade seven, eight and nine. She attended Coleman high school, completing her grades 10, 11 and 12 before going on to the University of Alberta, where she was a four-years honor student in Chemistry. During her high school years in the Pass, Ann also won numerous scholarships.

Millionaire Apes (Pincher Creek Echo)

They came across the water like long haired apes,
With sad looking faces and stupid gapes,
With voices like turtles and squeaky snails;
I wouldn't be surprised if they all grew tails.

The U. S. girls in their cries and screams,
See these long-haired apes in their midnight dreams,
With their wigs a-flying, and their legs a-swinging
These Beatles thought they were doing some singing.

Their eyes stuck out like frogs on a raft,
Their arms swing around like rags in a draft,
They ain't got talent, but they sure got money.

So it pays mighty big to look that funny.
—Pauline Meyer, Grade Nine.

Mr. and Mrs. C. Huffman were recent Lethbridge visitors.

Mr. Leon Fauville is convalescing at his home after being a patient in the Crows Nest Pass Municipal Hospital.

Mrs. George Derbyshire is convalescing at her home after being a patient in the Crows Nest Pass Municipal Hospital for the past few weeks.

Mr. George Derbyshire and Mr. Jim Yates are patients in Crows Nest Pass Municipal Hospital. Their friends wish them a speedy recovery.

Mr. and Mrs. John Hanrahan and baby son Blaine of Pincher Creek is visiting with the former's parents, Mr. and Mrs. Joe Hanrahan.

Georgeann, daughter of Mr. and Mrs. Robert R. Pattinson, former Coleman residents, now of Calgary, passed her exams on completion of her three years training in the Royal Columbian hospital, New Westminster, B.C. She is now on the nursing staff of the Holy Cross hospital, Calgary.
